Translation

Investigator: Hello, hi!

Nurse: Hello!

Investigator: Hello, hi! Is this Organ Transplant of Changhai Hospital affiliated to Shanghai Second Military Medical University?

Nurse: Yes, yes.

Investigator: To transfer to your hospital for a kidney transplant, may I ask which doctor we should go to now? Which doctor should we make an appointment with? Then when is it okay for us to get him transferred over?

Nurse: You want to transfer directly...transfer over here, do you?

Investigator: Yes!

Nurse: That's no problem, but we don't yet have...ah...don't have the kidney source.

Investigator: That's fine, we want to transfer over. Which doctor shall we make an appointment with?

Nurse: Then you can come to our hospital, and make an appointment with Zeng Li or Zhang Lei in Organ Transplant. Either Director Zeng Li or Professor Zhang Lei is okay... they both are available.

Investigator: Oh, For what weekday shall we make an appointment with them? On which weekday shall we come to their outpatient clinic next week?

Nurse: Let me check. Wait a minute, okay?...

Investigator: Okay, thank you.

Nurse: You can also make an appointment with Professor Zhu Youhua. Let me give you their clinic dates first. You may want to take a note, okay?

Investigator: Sure. Hold on...let me find a pen.

Nurse: Monday.

Investigator: Oh, Monday.

Nurse: Monday afternoon.

Investigator: Oh, who is going to be there for Monday afternoon?

Nurse: It's one of our experts, Zhu Youhua.

Investigator: The expert Zhu Youhua for Monday afternoon...got it.

Nurse: And Zhao Wenyi...that is... these several doctors are all available at the clinic.

Investigator: Oh, they all are open for appointments. Can they all do the surgeries?

Nurse: Well, we have Monday today...then Tuesday, Wednesday...Thursday, and Friday.

Investigator: Well...did you just mention Director Zeng, Zeng Li? And Zhang Lei...these several doctors, as you told me, can all do kidney transplants, right?

Nurse: Of course!

Investigator: There must be some differences in their techniques in performing the surgeries!

Nurse: Then you can come to make an appointment with Zhu Youhua.

Investigator: Ah, Zhu Youhua...he has done quite a lot, has he?

Nurse: Monday afternoon.

Investigator: Monday afternoon?

Nurse: He comes to the clinic on the Monday afternoons and Tuesday mornings.

Investigator: Excuse me, let me ask you another question if it's not too much trouble, as his situation is very urgent. If we get him transferred to your hospital...if it's fast, can we find a kidney donor to get the transplant done in a month or half a month? Were there such precedents at your hospital?

Nurse: That's hard to say! As far as the kidney source is concerned, its wait time is not up to me to decide or what I can tell you.

Investigator: Well, our neighbor had his surgery done by President Sun, Sun Yinhao. Is President Sun still doing the surgeries now?

Nurse: He is now in the urology division.

Investigator: I see.

Nurse: Professor Zhu is open for appointments for Monday afternoons and Tuesday mornings. You can come to make an appointment with him. You can come to make an appointment for any weekday, Monday through Friday.

Investigator: Okay, okay.

Nurse: Make an appointment with a doctor first, and we'll go from there!

Investigator: Sure. Well, I'll let you go back to your work, thank you, bye!
