3. PLA No. 202 Hospital (解放军第 202 医院)

Overview: This is a “Class Three Grade A” general hospital¹⁰, which was not accredited to conduct organ transplantation due to not passing the qualification review by the Ministry of Health of the PRC in 2007. Liver and kidney transplantation is being conducted in this hospital¹¹.

Kidney transplantation: Many difficult urinary surgical procedures, such as kidney transplantation, were conducted in the Department of Urology during 1980s to 1990s. Accumulating rich clinical experience since then, the Department has a profound impact especially on autologous and allogeneic testis transplantation in the medical scope of PLA, with more than 1,000 cases conducted¹².
