

## 追查迫害法輪功國際組織 ( 追查國際 )

### World Organization to Investigate the Persecution of Falun Gong (WOIPFG)

To investigate the criminal conduct of all institutions, organizations, and individuals involved in the persecution of Falun Gong; to bring such investigation, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society

Name: Wenzhi Guo

Gender: male

Country of residence: China

Job Titles: Deputy chief physician of hepatobiliary and pancreatic surgery in the first affiliated hospital of Zheng Zhou University; vice chairman of organ transplantation branch of Henan medical association; member of the National Organ Transplantation Society.

The first affiliated hospital of Zheng Zhou University is the leading hospital for organ transplantation in Henan province. The number of liver operations, lead by Guo Wenzhi, has been increasing at a rate of about 25% each year. The annual number of liver operations has been 200, which is among the top three in China. (The website is copied.)

On September 14, 2017, according to the official website, the organ transplantation group consisting of 149 doctors, led by Zhang Shuijun and Guo Wenzhi, had a big development. The number of liver transplantations has reached the top in China for five consecutive years. This group also established the Henan Organ Transplantation Center, which is the host of the national regional medical center for organ transplantation.

According to the "CLTR data filling form of China Liver Transplantation Registration network," the liver transplantation quantity of the Liver Transplantation Center in the first affiliated hospital of Zheng Zhou University was among the top three in 2017 in China. It has now performed 171 operations and is expected to reach over 230 operations. The liver transplantation group in the first affiliated hospital of Zheng Zhou University, guided by professor Zhang Shuijun, with professor Guo Wenzhi as the director, has reached almost 1,000 liver transplantations.

According to the official website, the Central China Organ Transplantation Center, which was established by the first affiliated hospital of Zheng Zhou University and Ren Ji hospital of Shang Hai Jiao Tong University was officially opened in 2018. Ren Ji Hospital is famous, and the first affiliated hospital of Zheng Zhou University leads in the quantity of liver and kidney transplantation operations. The two hospitals are united in a powerful combination.

By 2017, Guo Wenzhi had performed more than 800 organ transplantation operations over ten years.

Investigation Phone 1 (June 10, 2019)

Guo Wenzhi, director of hepatobiliary and pancreatic surgery in the first affiliated hospital of Zheng Zhou University: We are a large organ transplantation center in China. We have performed many organ transplantations this year. We did over 200 organ transplantations last year. We do over 20 organ transplantations each month. By June, we have performed almost 110 organ transplantations! (13598062817)
