2. The Affiliated Hospital of Medical College of Chinese People's Armed Police Forces (武警医学院附属医院)

Overview: This is a "Class Three Grade A" hospital⁷, which was accredited to conduct kidney transplantation by the National Health and Family Planning Commission of the PRC on August 1, 2013⁸. The Hospital's Department of Nephrology incorporates Kidney Transplantation, Urology, Nephrology, Blood Purification Center and Tissue Matching Laboratory. Kidney transplantation spearheads the development this Department, which actively carries out transplant procedures⁹. And the Department, led by Hui Li, have conducted annually over 200 cases of kidney transplantation, of which Hui Li has personally presided as chief operating physician in over 150 cases, listed as the largest number among the cases conducted by all hospitals of the Chinese People's Armed Police Forces, being within Top 20 among all major hospitals nationwide¹⁰.

5. The 2nd Hospital of Beijing City Corps, Chinese People's Armed Police Forces (武警北京总队第二医院)

Overview: This is a “Class Three” general hospital²⁰, which was not accredited to conduct organ transplantation due to not passing the qualification review by the Ministry of Health of the PRC in 2007. Several cases of kidney transplantation and liver transplantation were conducted (as reported recently)²¹. Its Department of Urology now conducts kidney transplantation, while its Urinary Oncology Group has well-equipped Wards, also with performing extraction of kidneys from living “donors” in Transplant Group that features “high-end kidney transplantation”²².

6. Central Hospital of Beijing Prison Administration Bureau (北京市监狱管理局中心医院)

Overview: This is the only “Class Two Grade A” hospital under the jurisdiction of Beijing Prison Administration Bureau. Its Department of Ophthalmology was stated as a featured unit with skills even meeting criteria of performing corneal transplantation, an operation normally conducted by “Class Three” hospitals²³. The Hospital originally was named Beijing Binhe Hospital, which changed into Beijing Boren Hospital in March 2004. In April 2005 Beijing Commission Office for Public Sector Reform approved that the Hospital's name be further changed into Central Hospital of Beijing Prison Administration Bureau, shown along with the plate of Beijing Xinkang Prison as under its jurisdiction²⁴. The Hospital was not accredited to conduct organ transplantation due to not passing the qualification review by the Ministry of Health of the PRC in 2007.

Corneal transplantation: From February 1996 to June 2005, 53 cases (59 times) of corneal transplantation were conducted, among which were 17 cases of lamellar keratoplasty and 42 cases of penetrating keratoplasty²⁵. The Hospital conducted a total of 21 cases (21 eyes) of corneal transplantation from December 2005 to February 2007²⁶.
