#### Translation

Nurse: Hello?

Investigator: Hello!

Nurse: Hello?

Investigator: Is this the Zhengzhou Province Hospital?

Nurse: Ah, oh, yes.

Investigator: Oh, oh, that, I'm from Anyang. I have a family member who wants to get a kidney transplant. Is there any vacant bed available now?

Nurse: Well. Now here is our case: the turnover is relatively quick, and we have done more kidney transplants recently. There are no beds for the time being. If you come, we may need to add an extra bed. A vacant bed may become available in a few days. If you ask about a vacant bed to be reserved for you, that is certainly not available.

Investigator: Then if we go there, can you tell how long we have to wait before getting it

done?

Nurse: That's hard to say. Most of them can be done within half a year.

Investigator: So, they... a friend of mine said that your hospital does it quickly, and sometimes gets a kidney transplant done in just a week or two.

Nurse: That depends on the situation.

Investigator: Is that so?

Nurse: Right.

Investigator: Just, ah, as you said, as you said...hello?

Nurse: Depends on the situation.

Investigator: Not everyone can get it done so quickly. Didn't you say your hospital has done a lot? If you do a lot, then it could be quicker.

Nurse: Right. That's for sure.

Investigator: Ah. Do you do more kidney transplants than the First Affiliated Hospital of Zhengzhou University, the largest one in Zhengzhou?

Nurse: I'm not familiar with their situation.

Investigator: How many can you do per year?

Nurse: We generally do about 200 cases, more than 100 cases, or 200 cases.

Investigator: Oh, oh, this year...right after the New Year's holiday...have you done any since then?

Nurse: At our clinic, we're pretty busy. If you want to...why don't you call the number with the extension 4512 at other times? I'm very busy now. I have no time to talk to you. I can only tell you briefly about the situation. If you want to be hospitalized, if you want to get admitted, if you want to get admitted for a kidney transplant, there is no bed available in this hospital. We can only say that if you come we will add an extra bed. When a vacant bed becomes available, then we will move you in. This is the case.

Investigator: How much is the surgery now? Can you tell me about the cost?

Nurse: If things go smoothly, from preparing for the kidney transplant till the hospital discharge, you have to prepare 300,000 yuan.

Investigator: Oh, okay, okay, okay, thank you so much. Okay, bye!
