Investigator: Hi, hello, hello! Is this Shenyang Military Region General Hospital?

Nurse Wang: Yes, General Hospital of the Northern Military Region.

Investigator: Oh, I'm from Dandong, and would like to ask you a question. I have a family member who wants to get a kidney transplant. Can you do it?

Nurse Wang: To get a kidney transplant done...yes, we can! Please come to the outpatient clinic at that time. Will you come to the clinic or the lab for the tissue typing? If you come to the tissue typing lab, you can come look for Jiang Ping, Technician Jiang, at the lab on the 9th floor of Building #6 on any week day, (investigator: Oh) Monday through Friday.

Investigator: Technician Jiang, ha?

Nurse Wang: The surname is Jiang.

Investigator: Oh, is Director Yang Hongwei still there?

Nurse Wang: Yes.

Investigator: Well, he performs operations himself, right?

Nurse Wang: I'm not sure about that. You can ask them by that time.

Investigator: Uh, I just called them, but no one answered. The hospital is still doing kidney transplants now, ah?

Nurse Wang: Yes.

Investigator: Ah, roughly, do you do a lot of cases? Now, if I go, the wait time...

Nurse: Ah, about the specifics, I'm not sure. You have to ask them at the tissue typing lab for details.

Investigator: Do you have the tissue typing lab's phone number?

Nurse Wang: No. From Monday to Friday, please come look for him at the lab yourself.

Investigator: Come find him at the lab myself?

Nurse Wang: Let the patient come see him.

Investigator: So you do it every week?

Nurse Wang: Ah, I don't know how often they do that! The frequency. If you want to get it done here, you just come to see him, come to the tissue typing lab to see him.

Investigator: Oh, I meant you have been doing it regularly all along, right?

Nurse Wang: Right!

Investigator: Oh, okay, okay, okay.

Nurse Wang: Alright, goodbye!

Investigator: Have you done it recently? Recently, like this week or over the last two weeks?

Nurse Wang: We've done it recently!

Investigator: You have? Ah, okay, now I know you have been doing it, so I can come over.

Nurse Wang: Ah, goodbye (not clear)

Investigator: Ah, good bye!

Nurse Wang: Good, ah.

Investigator: Ah, ah.

Nurse Wang: Ah.
