Nurse: Yes.

Investigator: I have a relative who wants to have a kidney transplant. I wonder if I bring

the patient along, or just bring the report to show the doctor first. How should I proceed?

Nurse: You should...would you please call 856 2516, okay?

Investigator: Let me jot it down.

Nurse: 856 2516

Investigator: What program is it for?

Nurse: It is also for the urology program, and they specialize in organ transplants.

Investigator: Oh, okay. Could you recommend a doctor, who does a good job?

Nurse: Oh, they have the doctors who are specialized in organ transplants, as dedicated surgeons.

Investigator: Oh, now which doctor does the best job?

Nurse: Call this number and you will find out, okay?

Investigator: Ah, really? Is Doctor Wen Bin still there?

Nurse: Oh, he is, but he doesn't do that (organ transplant).

Investigator: Oh, he doesn't do it.

Nurse: Oh, okay.

Investigator: May I ask another question? Who is the doctor who does the best job at your hospital?

Nurse: They have dedicated doctors in charge of that area. Because that is not in our program, we are not so sure about the details.

Investigator: Oh.

Nurse: Okay?

Investigator: Ah, well, one more (question)...sorry, is Director Wang Yangang still doing it?

Nurse: Yes, he is the one who does it.

Investigator: Oh, okay, Director Wang Yangang does it, that's good. Thank you!

Nurse: Yes.

Investigator: Oh, thank you!

Nurse: You are welcome. Okay.
