

Dr.Jia Chiyu with General Surgery, 309 Hospital of PLA

Date of Investigation: June 8, 2016 (+86-13911238533)

Highlights:

There're two urology departments, and both of them do kidney transplantation. Our hospital has done the most in the country.

Content of Investigative Recording

Investigator: Doctor Jia?

Doctor Jia Chiyu: Hello?

Investigator: Hi, hello, is this Doctor Jia Chiyu? Hi.

Doctor Jia Chiyu: Speaking.

Investigator: I have an nephew who'd like to get kidney transplant. Do you still do that?

Doctor Jia Chiyu: Kidney transplant? You should not have called me. We don't do kidney transplant here, it's the Urology doing that in our hospital. There're two urology departments.

Investigator: Which one do I call?

Doctor Jia Chiyu: It'll be fine as long as it's Urology.

Investigator: I've got to get more details.

Doctor Jia Chiyu: The operations were done quite well. We've done more than others in the country. That's all I know.

Investigator: Oh, do you know how many cases were done specifically?

Doctor Jia Chiyu: I'm not clear about the details. It's not my department.

Investigator: All right.

Doctor Jia Chiyu:Ok, good bye.

Investigator: All right then. Thank you, bye.
