Translation

Investigator: Hi, hello! Is it Kidney Transplant Program of the First Affiliated Hospital of Soochow University?

Doctor: Yes. Who's this?

Investigator: I am calling from Yancheng. My brother wants to get kidney transplant. I saw on the internet that you seem to be doing quite well.

Doctor: What are you going to do? Are you..... uremic patient?

Investigator: My brother wants to come over here to get kidney transplant. Right. He's blood type B and very young, only 40 years old.

Doctor: Did you make the registration? You can check our outpatient clinic of kidney transplant. (Investigator: Oh.) It needs the outpatient clinic director to make an assessment. You've got to make an appointment to see the clinic director and then register upon his assessment. After registration, surgery can only be done if there is a suitable kidney source. It needs the assessment and is not on demand. You can check our kidney transplant clinic of Urological surgery.

Investigator: Oh. So we can go to the outpatient clinic directly, right? My brother is here at Yancheng People's Hospital. He's done. He wanted to do that before but it came the pandemic...

Doctor: So have you done or not?

Investigator: Not yet.

Doctor: Is it after a kidney transplant?

Investigator: No, not yet. He still needs it. (Doctor: Uh.) The assessment was done here and the surgery is needed. Then there's a delay. (Doctor: Uh.) There's the virus a while ago. So it's not done yet.

Doctor: Uh, uh. And then what? Could you make your story short? We are quite busy here. What do you want to see by calling here?

Investigator: Oh. Well, I think, I was wondering if my brother could come over here directly or send the medical record to you first for the outpatient clinic.

Doctor: You've got to see the outpatient clinic. After seeing the clinic, it needs the registration. (Investigator: Oh.) It needs the inpatient registration.

Investigator: Oh. Inpatient registration.

Doctor: Hum.

Investigator: Then which doctor is better in the outpatient clinic?

Doctor: For outpatient clinic, you can check the...you can see either Hu Linkun, Pan Haoshi or director Wang Liangliang. They are all directors of kidney transplant program. They are all directors, directors of kidney transplant program.

Investigator: Oh. Are your skills especially....

Doctor: You can check the web account of our hospital. Ah.

Investigator: Oh. Sounds good. How long is the surgery wait time at your hospital? If applicable.

Doctor: It depends. It needs evaluation whenever there is kidney source. It needs matching to see who can fit as you know.

Investigator: Oh. Do you, do you have many kidneys? Because we are also looking for the hospital to...

Doctor: We've done over 80 cases last year. We've done over 80 cases last year.

Investigator: Oh. So do you keep doing it this year?

Doctor: Right, right.

Investigator: Oh. Huh. We should have gone to your place during the pandemic. But I was also very worried at that time. So you keep doing it in February and March, right? Did you just keep doing it?

Doctor: We've kept doing it since March this year. (Investigator: Oh, never stop.) We've done almost 20 cases this year. Hum.

Investigator: Oh. Almost 20 cases. Then,...

Doctor: Right. Due to the pandemic, it was on hold for a while.

Investigator: Oh. It was on hold for a while and you keep doing it now. Could you advise if...

Doctor: If you want to do it here, you can make an appointment first at kidney transplant outpatient clinic. After the director's assessment, you can move on, All right?

Investigator: All right. How much is it roughly?

Doctor: The director will contact you at that time. He'll give you all the details when you register there. All right?

Investigator: Oh. So he will tell me everything when asked in person, right?

Doctor: Right, right, right.

Investigator: So how long is the wait time?

Doctor: Do you have health insurance?

Investigator: Yes, we have health insurance.

Doctor: Hum.

Investigator: All right. I, I probably have a few hundred thousand on hand. Right.
