Investigation time: March 12, 2016 (Tel: +86-13808470091)

Summary

Now the price is at least 500,000 or more, because the donor is getting expensive.

Q: What I remember seems to be 2005 or 2006. After sending there, no more than a week, it was done for him.

A: Yes, yes.

Q: Is that so?

A: Yes. This was catching opportunity, anyway, if there is a liver source, we always get it done soon

Q: What is the reason for the lack of donors now?

A: Let me tell you, now it is not like before. One is that we have no control over the source of liver, and the other is that the source of liver is tense.

Q: In the earliest days, there were death-row inmates. Cannot we get judicial confessions now?

A: Not now, cannot now, cannot now.

Q: Ok

A: It's not allowed now, not allowed now, cannot now, cannot now.

Q: Those from Falun Gong, they also fine, provide to you, but now, no more available?

A: Didn't say, now absolutely don't have

Q: No more?

A: Now, it's absolute not possible

Q: Oh, not possible, find some Falun Gong?

A: No, no, no, no, no!

Investigator: Is it, looks like it is creased quite a lot compare to previous years?
Dr Tang Huihuan: Ah?

Investigator: I say is the price increased, it seems compare to previous years it was not this expensive.
Dr Tang Huihuan: Because the donor is more expensive.

Investigator: The donor become expensive?
Dr Tang Huihuan: Mainly because the donor, it's about the donor, it's very difficult.

Investigator: Ok.
Dr Tang Huihuan: You think about the brain death.

Investigator: How come, I feel, how come the price is so high. You know we want to do liver transplant and my relative.
Dr Tang Huihuan: I know, I know

Investigator: I asked a few hospitals, it seems this, does your hospital guarantees the quality? But your hospital didn't do much this year. So far just two cases this year?
Dr Tang Huihuan: Not much, Not much, yes, yes, yes.

Investigator: Right? I remember in the early days, I remember it was in 2005 and 2006, a friend of mine came and didn't wait for more than a few days, not more than a week then got it done?
Dr Tang Huihuan: Yes, yes, yes.

Investigator: Is it?
Investigator: I remember it's in 2005 and 2006, after sending the patient it could be done in one week.
Dr Tang Huihuan: Yes, yes.

Investigator: Yes.
Dr Tang Huihuan: Yes, that was an opportunity, anyways, if there's the liver source we can do very quickly.

Dr Tang Huihuan: Let me tell you, it's not like before, now it's about the liver source. This we cannot do anything.

Investigator: Ah?
Dr Tang Huihuan: This is not something we could control. Another is the tight supply, this we have no solution.

Investigator: Oh, in the early days aren't we have those death row prisoners, we cannot find the source through judicial system?
Dr Tang Huihuan: Not now, cannot now, cannot now.

Investigator: Really?
Dr Tang Huihuan: It's not allowed now, not allowed now, cannot now, cannot now.

Investigator: I remember in the past (Dr Tang Huihuan muttered) Ah? Because I remember in the past the hospitals, they provide those with death row prisoner, Falun Gong, they can provide these, but not doable now?
Dr Tang Huihuan: Didn't say, now absolutely don't have

Investigator: Not available ha? (Dr Tang Huihuan was not able to say "yes"), wa!

Dr Tang Huihuan: Is it ok? Let's finish here? May we?

Investigator: Ok, ok.
Dr Tang Huihuan: That have to wait in the queue.
