Executive summary

1. If you have a blood type that is easy to match, you may be able to do it in a few days.
2. In the first half of the year, nearly 100 cases of liver transplantation were performed.
3. I don't know the specific source. Some of them are donated. Our hospitals have ICUs, we have a lot of patients. He has some severe ICU patients. That is, some of them will be donated.

Voice recording

.....

Investigator: Hello, how are you, are you Dr. Sun Ran? How are you?

Sun Ran: Yes, you go ahead, go ahead

Investigator: May I ask, does this affiliated hospital conduct liver Transplantation now?

Sun Ran: Oh, yes, we do.

Investigator: I have a patient. He's ... (Sun Ran: Oh) He's at Hebei province. A bit far away from your place. Just want to know with the current situation after he returns home how long he needs to wait?

Sun Ran: This depends on his blood type. Some people they match very well, with blood type that is easy to match the waiting can be shorter. Some with good luck only takes a few days to be matched.

Investigator: Oh, he's blood type A.

Sun Ran: Type A isn't easy to find. This is fine, you should ask him to come. Then just give me a call, ok?

Investigator: Oh, for hospital like this, is it like what I heard that we do many operations? Like this liver transplantations, how many we do in a year?

Sun Ran: In the first half of the year, nearly 100 cases of liver transplantation were performed.

Investigator: First half year? Then we do hundreds for a year?

Sun Ran: Yes, yes. Last year, for a year we did a hundred thirty, or maybe a hundred forty? This first half year we did one hundred operations. This year it looks like going be more than last year. One hundred seventy or eighty is possible.

Investigator: Oh, let's talk about the organ source. They are all healthy right?

Sun Ran: What did you say?

Investigator: The sources are all healthy right? They don't have ...

追查迫害法轮功国际组织

World Organization to Investigate the Persecution of Falun Gong

追查迫害法轮功的一切罪行以及相关的机构、组织和个人。无论天涯海角，无论时日长短，必将追查到底；行天理，再现公道，匡扶人间正义。

Sun Ran: The organ source won't, we won't make joke in this, this is human life, we won't bring from those bad source to do this.

Investigator: Because in the past, you know like Wang Jiefu before 2015, he used these death row prisoners and practitioners, do we still use these kind organs? Where do we source the organs these days?

Sun Ran: I don't know the specific source. Some of them are donated. Our hospitals have ICUs, we have a lot of patients. He has some severe ICU patients. That is, some of them will be donated.

Investigator: (This part of the recording was not clear)

Sun Ran: My signal reception is not clear, my signal is not clear.

Investigator: Is it? You have no problem on this?

Sun Ran: How about call me later? Call me later?

Investigator: Ok, thank you!

Sun Ran: Hey, ok, ok, ok.
