Nurse: Yes. You can go to registration first.

Investigator: That means you are still doing it, right?

Nurse: Yes, we are doing Kidney transplants.

Investigator: which doctors are doing the transplants?

Nurse: Over here two chief doctors are doing the transplants. One is Chief Dr.Wen JieQiu. The other is Chief Resident Dr. Cheng DongRei. Either is OK. But you don't have to worry about who is doing it, you can check it out first, it will be arranged for you.

Investigator: Is the donor healthy ones, like before?

Nurse: I don't know for sure. It's not clear to me. We don't know the donor status ourselves, you understand?

Investigator: Oh, I see. That's OK then. Thank you very much. Alright, Bye-bye.

Nurse: OK, you are welcome. Bye-bye.
