

## Investigation Recording 2023-0010

**Date:** February 24, 2023 (Phone number +86 13911119129)

**Subject(s):** **Zhu Xiaodan**, Director of the Department of Transplantation, Hainan Provincial People's Hospital (Former Director of Liver Transplantation Department, Armed Police General Hospital)

### Summary:

1. Due to political reasons, "I also left the Armed police, and now I am the director of the organ transplantation department of Hainan Provincial People's Hospital."
2. To arrange for surgery, it probably takes only a month or two.
3. The organs are all harvested in this hospital.
4. Now Hainan is as a base, (nearby places) including Guangxi and Guizhou, all have connections with them.
5. If you know somewhere (organ is) available, we will take him to have it done in advance. I'll just bring him over there and have it done, right?

### Translation

Doctor: Hello?

Investigator: Hello, how are you?

Doctor: Hey, who is calling?

Investigator: Hey, you are the Armed Police... Director Zhu Xiaodan of the Liver Transplantation Department of the Armed Police General Hospital, right?

Doctor: Ah, yes.

Investigator: Hello, how are you? I am calling today is to ask for your help.

Doctor: Ah.

Investigator: I have a relative who is currently in the No. 307 Hospital, Fengtai No. 307 Hospital. He has undergone an examination. He has liver cirrhosis and needs liver transplantation.

Doctor: Ah.

Investigator: There they don't have the source of liver.

Doctor: Ah.

Investigator: I just want to ask if you can help arrange a surgery here? He is 45 years old, blood type B,

Doctor: Ah, ah.

Investigator: His general condition is okay, ah, now he is having ascites.

Doctor: Ah.

Investigator: Of course, he has...has ascites, so I would like to see if you can...can arrange it?

Doctor: Let me tell you, because of the Armed police, it is now called the 301 Center, the PLA General Hospital, and now it is basically closed because of political issues. And I also left the Armed police.

Investigator: Oh.

Doctor: I am now the Director of the organ transplantation department at the Hainan Provincial People's Hospital. Is he willing to go to Hainan?

Investigator: Oh, Hainan is kind of far away. But it's okay if it can be done sooner!

Doctor: Yes, he can come over and get examined. Try to wait in line at multiple places, won't he has more chances?

Investigator: That sounds good. So if you say that now...that means, we can send you the patient's materials first, you have a look. If the results look good, is it okay to have surgery now~

Doctor: Add me on WeChat, and then send me the patient's materials. I'll take a look and see what's missing.

Investigator: If you check all these things are okay, how long can you arrange a surgery?

Doctor: If available, it will probably take... about a month or two.

Investigator: One...one month should be done?

Doctor: Ah, for one or two months. If available, give him priority, ah.

Investigator: That's great. Are you in Hainan right now? Hainan Hospital, right?

Doctor: That's right, Hainan Provincial People's Hospital.

Investigator: Hainan Provincial People's Hospital, Hainan... the development of organ transplantation has been relatively fast in recent years.

Doctor: That's right, right.

Investigator: That's great. If this is the case... I... just..., of course I still like to tell the patient go there, ah, if this is the case, I would like to have it done sooner...

Doctor: It's better to take a look and send me the patient's materials first. My mobile phone number is also my WeChat account. Let him add me on WeChat.

Investigator: Okay, good, I can send you the materials tomorrow or the day after tomorrow, and if materials look okay to you, I'll ask him to go there.

Doctor: That's right.

Investigator: In this case, have it done sooner.

Doctor: Right, because it is a major operation, you know that it is not very good to just look at the information without meet the person.

Investigator: Yes.

Doctor: If he's in good condition, it's fine. If he's not in good condition, I'd better take a look and evaluate it.

Investigator: His situation is okay now.

Doctor: Ah yes.

Investigator: So...

Doctor: Let me have a look at some medical reports.

Investigator: Well, that's fine.

Doctor: Okay?

Investigator: Then your organs are usually taken in this hospital and transplanted at the same time? Or from outside the hospital...

Doctor: That's right, it's all from this...all from this hospital.

Investigator: It's better to do it directly in this hospital.

Doctor: That's right, right.

Investigator: OK. How much does it cost now?

Doctor: Over 50 here.

Investigator: Oh, it's still relatively cheaper.

Doctor: That's right, it's cheaper here than in Beijing.

Investigator: My relative is, his family is doing business, so the financial is not a problem.

Doctor: Okay, that's it. After I take a look, because I am now in the south area, here is a base now, but other places including Guangxi and Guizhou, they all have connections. If you know somewhere (organ is) available, we will take him to have it done in advance.

Investigator: Oh, that's the best, that's great!

Doctor: I'll just take him there and have it done, right?

Investigator: Great, okay, then I just let him go directly with the materials and money.

Doctor: Right, right.

Investigator: OK.

Doctor: Ah.

Investigator: OK, just try to do it sooner.

Doctor: Right.

Investigator: Do it sooner, even in one... if it can be done in one month, that will be very good.

Doctor: Yes.

Investigator: That's fine, that's it, then ask him to contact you sooner.

Doctor: Ah, okay, okay, okay!

Investigator: Ah yes, okay, thank you then.

Doctor: Ah, you're welcome, okay!

Investigator: Goodbye.

Doctor: Ah, goodbye.
