Translation

Li Chuanyun: Hello?

Investigator: Hello! Is that Director Li Chuanyun from the Liver Transplant Department of Beijing YouAn Hospital?

Li Chuanyun: Yes, this is.

Investigator: Hi how are you. I have a relative...

Li Chuanyun: Okay.

Investigator: Yeah. (My relative) needs to have liver transplant. I would like to ask whether your hospital can arrange (such a surgery), arrange it soon? He is 45 years old. Blood type is B. Recently he has developed hepatic ascites, light hepatic ascites.

Li Chuanyun: Okay.

Investigator: So I would like to ask for your opinion.

Li Chuanyun: Okay. You can let him come for us to take a look at him first. Do a check-up, Okay?

Investigator: Then when I can see you?

Li Chuanyun: Tomorrow. Let them come to the Outpatient Service to find me, Room 1 of Outpatient Service tomorrow afternoon.

Investigator: That's great! Then if you do the reading and do the check-up, how long will it take for you to schedule the surgery?

Li Chuanyun: We can wait and see. We'll try, try... Okay, we can see by the time when he comes, Okay?

Investigator: Can you please make the arrangement sooner? See whether you can figure out a way...

Li Chuanyun: Sure. Sure. Just come over first for a check-up. I cannot assure you over the phone.

Investigator: If you can do this as soon as possible, is it feasible to do it in one or two months?

Li Chuanyun: Um. That's possible. Let's see by the time, Okay?

Investigator: Possible, Okay, it's possible within one or two months? Good. That's really good.

Li Chuanyun: Um. Yes.

追查迫害法轮功国际组织

World Organization to Investigate the Persecution of Falun Gong

To investigate the criminal conduct of all institutions, organizations, and individuals involved in the persecution of Falun Gong; to bring such investigation, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society

Investigator: Is the extraction (of organ) performed in the hospital or transported from other hospitals?

Li Chuanyun: All are extracted by ourselves.

Investigator: So it is simultaneous extraction and simultaneous transplant at the site in the hospital, isn't it?

Li Chuanyun: Um. Yes. That's right.

Investigator: How old usually is the donor? And the health condition of the donor?

Li Chuanyun: About that... (there is policy)that usually, we limit the age of donors to around 55 years old; by the time (of transplant) we'll see, most importantly, the quality of the liver.

Investigator: Sure. I mean it is not good if (the donor is) too old. Like, around 20 and 30, or 30 and 40 years old...

Li Chuanyun: All those aspects are under our control, ha, by the time... we have room to choose, Okay.

Investigator: All right. Then we will rely on you; we'll ask for your help.

Li Chuanyun: Yeah. Okay.

Investigator: One thing is the arrangement of the patient; the other thing is the quality of the donor. We would like to ask your help to take care of those things.

Li Chuanyun: Yeah. Sure.

Investigator: Then thank you!

Li Chuanyun: Yeah. Sure.

Investigator: Let's try to do in one month. Try in one month.

Li Chuanyun: Um. Yeah. Um. Okay.

Investigator: Good-bye.
