Translation

Investigator: Hey, how are you? I called just a moment ago, I just called you, we were talking about the liver transplant... about contacting the liver transplant patient.

Doctor: Ah, is there anything else you need? Is that the patient who wanted a liver transplant?

Investigator: Ah, yes, yes, liver transplant, yes, liver transplant patient.

Doctor: Anyway, how can I tell you, simply tell you, here in our hospital, one is that the donor fee is relatively...compared to Beijing and Shanghai~

Investigator: Then I...

Doctor: The waiting time is definitely much shorter than theirs, but I can't tell you the specific time, ah, that's simply all I can tell, okay?

Investigator: Hey, how much is your total cost?

Doctor: In terms of the cost, our average donor fee is 250,000 (yuan).

Investigator: Ah

Doctor: The average donor fee is 250,000.

Investigator: Ah

Doctor: If you go to Zhejiang, well, our donors are also from Zhejiang, and our President is also from Zhejiang.

Investigator: Ah

Doctor: You can also find out, so I suggest you go to the outpatient clinic to ask, the Director is there, talk to him about anything you don't understand.

Investigator: As for my patient, the key is to do it quicker and get a donor in better quality. It's to say, ah, money is not a problem.

Doctor: **In terms of donors, there are more abundant donors in Hainan than in Zhejiang.**

追查迫害法轮功国际组织

World Organization to Investigate the Persecution of Falun Gong

To investigate the criminal conduct of all institutions, organizations, and individuals involved in the persecution of Falun Gong; to bring such investigation, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society

Investigator: I just want to know an approximate waiting time. After assessment, what is the approximate waiting time. I like to know a range, just a general range.

Doctor: I have no way to tell you that. However, because there are more donors here than in mainland, that's the ratio, the ratio is higher.

Investigator: Right.

Doctor: I can only tell you that the time is shortened, compared with that in the mainland, and the time is shortened to half of that, like this.

Investigator: Well, well, then...

Doctor: Just like that.

Investigator: I asked people in Zhejiang... someone in the First Hospital of Zhejiang University, said they could wait for 1-2 months,

Doctor: Save half of that time.

Investigator: Good, Okay, Okay.

Doctor: All right.

Investigator: Okay, okay, thank you.
