Translation

Doctor: Hello?

Investigator: Hello. Is that doctor Chen from the liver transplant office of Guanyang University of Medical Science?

Doctor: I do not do liver transplant anymore.

Investigator: Okay. I

Doctor: What are you up to?

Investigator: I, I have patient here, a 45-year-old patient with blood type B.

Doctor: yeah?

Investigator: I have hepatitis B with Cirrhosis and need to have liver transplant.

Doctor: Okay. Then, then I can, I can get you the phone number for that (liver transplant) office. You can just directly contact them.

Investigator: Then who shall I talk to from that office?

Doctor: Talk to Doctor Fu.

Investigator: Okay. Doctor Fu. Okay.

Doctor: Yes. You have not registered yet, have you?

Investigator: He has registered. He had physical examination at your hospital.

Doctor: Yeah?

Investigator: I just want to ask you a question. I want to ask once the physical examination at your hospital shows the qualificatio (for transplant), usually how long should the patient wait (to find a matching donor)?

Doctor: Well, some need to wait one to two months; some longer. Blood type, weight, etc., should be matched from all aspects.

追查迫害法轮功国际组织

World Organization to Investigate the Persecution of Falun Gong

To investigate the criminal conduct of all institutions, organizations, and individuals involved in the persecution of Falun Gong; to bring such investigation, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society

Investigator: Okay. So if it goes fast, it can be one or two days; it can be one or two month if it goes slow.

Doctor: Right. Those...All those are ...

Investigator: Okay.

Doctor: But you need to... you need first to register, then whne you are put in the system with the donor sources, you then get the chance to find a match.

Investigator: Is the donor for liver... is the extraction going to happen at your hospital...

Doctor: Sometimes we do the extraction from liver donor at our hospital; some from other hospitals.

Investigator: Okay. It is better to perform the extraction at the hospital.

Doctor: More convenient. Yeah.

Investigator: Sounds good. Then thank you. Okay.

Doctor: That's all right.
