

Investigation Recording 2023-020

Date: March 2, 2023 (+86-18038861068)

Subject(s): Chen Huanwei, Director of Hepatic and Pancreatic Surgery, the First People's Hospital of Foshan

Summary

1. The wait time is around one month to schedule the surgery.
2. The liver source is all from the donation of our hospital, from local donation.

Translation

Doctor: Hello, hi.

Investigator: Hi, how are you? Is this Director Chen of Liver Transplant Program at the First People's Hospital of Foshan? Is this Director Chen?

Doctor: How can I help you?

Investigator: Hey, it's like this. I'm calling today to ask Director Chen for help.

Doctor: Ah.

Investigator: I have a relative in Foshan.

Doctor: Ah.

Investigator: He has chronic hepatitis that has turned into cirrhosis.

Doctor: Ah.

Investigator: He needs a liver transplant, needs a liver transplant.

Doctor: Ah.

Investigator: I'd like to ask you for help. He is blood type B, 45 years old. See if you can arrange that over there.

Doctor: How old is he?

Investigator: Ah, 45 years old.

Doctor: So young, huh?

Investigator: Yeah.

Doctor: Then you have him....have him....just have him contact me. Call....just call my cell phone, ok?

追查迫害法轮功国际组织

World Organization to Investigate the Persecution of Falun Gong

To investigate the criminal conduct of all institutions, organizations, and individuals involved in the persecution of Falun Gong; to bring such investigation, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society

Investigator: Oh, sounds great. Is this your cell phone number?

Doctor: Right, right. This is the cell phone number, all right? Okay, no problem.

Investigator: One more question. If the assessment of all aspects is ok~

Doctor: Ah.

Investigator: If it's ok for surgery, how soon can you schedule the surgery there?

Doctor: Then it depends on....depends on...depends on...sometimes it's hard to say. Sometimes the blood type...sometimes it doesn't match. Yeah, there are several type B waiting too. Yeah.

Investigator: I just call you as soon as I ask.

Doctor: Is he.... Is he a Foshan resident?

Investigator: Right, right. He lives in Foshan. As you see~

Doctor: He lives in Foshan, please have him contact...have him contact me. I have an outpatient clinic on Monday, okay? Have him come over the clinic. I'll see what I can prioritize, okay? Okay, okay.

Investigator: How long can you schedule it? You say it is now....

Doctor: About one month or so, okay? Okay.

Investigator: About one month. Another question. For the donors' organ, did you take the synchronized transplant directly from your hospital? Or were they pulled from outside the hospital?

Doctor: It's all donated at our hospital, all donated from our patients here. Right, right.

Investigator: Good, from the hospital, that sounds good.

Doctor: It's all local. Ours are all local, from local. Ah.

Investigator: Sounds great. Then the donor, as you see, how old are they generally? How is the health? Please....Director Chen, please keep an eye on it.

Doctor: It's quite hard. It all depends. If lucky, they are usually 40 or 50 years old. Ah. The donors...donors are definitely not that young. They all have... all have... have... cerebral hemorrhage, okay? Um. Just contact me, okay? All right then, I got surgery to perform, okay~

Investigator: I was wondering, I was wondering how much the overall cost usually is.

Doctor: Around 400 thousand to 500 thousand yuan. All right. That's it. I've got to perform the surgery. All right.

Investigator: Thank you so much. Appreciate it. All right.
