This was a report from a Falun Gong practitioner who was calling to tell the truth to people in China.

When answering Falun Gong practitioner's phone call, the doctor on duty (male, Lunming Li?) at the Department of Cardiac Transplantation, Central Hospital of Jiangmen, Guangdong Province, claimed: "Yes (kill Falun Gong practitioners for their organs), so what? They are from Falun Gong (practitioners), so what?" "We have done so many, maybe you haven't thoroughly investigated, too many." In a separate conversation on phone, he said they had harvested organs from "Countless" Falun Gong practitioners.

Phone Investigation Recording: (FLG referred to Falun Gong Practitioner)

FLG: Is this the Department of Cardiac Transplantation, Jiangmen Central Hospital?

Doctor: Who are you? What is the matter?

FLG: Yes, I am looking for Dr. Li, Lunming Li. He is on the first published list of Individuals Suspected Harvesting Organs from Living Falun Gong Practitioners released by the WOIPFG, in which the year and month and how many cases he operated are all listed. The WOIPFG is an international organization, dedicated to provide legal evidence to the international court. If you didn't participate. Harvesting human organs is a felony, charged even more than what Hitler got.

Doctor: No problem, whatever the charge is, don't tell me these.

FLG: It will be punished by law.

Doctor: That's not a problem.

FLG: There are heavenly sanctions too.

Doctor: We have done (harvested organs) a lot, you probably haven't thoroughly investigated the amount, way too many.

FLG: What you have done to your future, will be...

FLG: It is not too late now, quickly rein in. I hope you do not participate, this is such a capital felony. God knows what you have done. It is detrimental to your family.

Doctor: Harvest human organs. You think you are Falun Gong?

FLG: You are harvesting organs from Falun Gong practitioners, harvesting human organs has been exposed in the international community long ago.

FLG: It matters a lot.

Doctor: Have done too many.

FLG: Have you done it today?

Doctor: Do it every day.

FLG: Are they Falun Gong practitioners?

Doctor: S* Falun Gong. Do you know what is Falun Gong, do you know or not? Do you dare to come here, tell me face to face, do you dare? I ask you dare or not? If you don't dare, you stop talking s* with me.

FLG: I know you have made a lot of dirty money, but you have to pay a price for this money. If you have a conscience, you still have time to rein in. Don't wait until it's too late to regret. Falun Gong spreads in 114 countries and regions. People practice it regardless of age, race and color. It is a Buddha Fa practice with the door widely open, Tiananmen self-immolation is a hoax. You don't want to be deceived by the lies

Doctor: I just ask you whether you dare to come here or not?

FLG: You are persecuting good people, which is such a heavy crime. It is still considered a crime when you commit it in ignorance, isn't it?
