Subject of Investigation: Zhang Gaoli, the CCP's Politburo Standing Committee member

Date: June 24, 2015

(Recording: [MP3](#))

On June 24, 2015, a WOIPFG investigator, by assuming the identity of a secretary at Jiang Zemin's Office, conducted a phone investigation on the CCP's then State Council Vice Premier Zhang Gaoli, who was on a visit in Kazakhstan, regarding Jiang Zemin's crime of issuing the order to harvest organs from millions of living Falun Dafa practitioners.

#### Summary

As one of the incumbent Politburo Standing Committee members and Vice Premier, Zhang Gaoli did not deny nor show any surprise when asked by the investigator about Jiang Zemin's order to harvest organs from several million Falun Gong practitioners. In addition, when asked by Jiang to prevent pursuit of the matter at the Politburo meeting, Zhang promised that he "definitely will" and asked Jiang "not to worry." Zhang Gaoli promised that he would handle the rest of the Falun Gong practitioners as well. This confirms that the living organ bank composed of a large number of detained Falun Dafa practitioners still exists. Falun Dafa practitioners are in danger of having their organs removed at any time.

Zhang Gaoli's remarks also showed that Falun Dafa practitioners prosecuting Jiang Zemin inside and outside of China had put considerable pressure on the CCP leadership. Zhang Gaoli, as Jiang Zemin's loyal servant, was actively using his power to cover up the crimes, in order to protect the remnants of Jiang's faction.
