Hospital operator: Hello.

Investigator: Hello. Is this the ward of Shandong Qianfoshan Liver Transplant Center?

Hospital operator: Yes.

Investigator: I'd like to have a consultation...

Hospital operator: Please wait. I'll get a doctor for you.

Investigator: OK.

Doctor: Hello.

Investigator: Hi. I'd like to ask a few questions. How long have you performed liver transplants? Do you...

Doctor: We've started since 2002.

Investigator: From 2002 to present?

Doctor: More than four years.

Investigator: As for the liver supplies, usually how long can you keep them (for the transplant)?

Doctor: The rule is 12 hours. So far, we haven't exceeded 12 ours. The ones we have are all pre-checked.

Investigator: There are some livers come from Falun Gong practitioners. So I want to know if you have this type or not?

Doctor: Um. You just need to come.

Investigator: So you mean you have this type?

Doctor: Well, let me tell you, you just come over...err...we will sure to get more of this type in April and the number of those suppliers is gradually increasing now.

Investigator: Why will there be more in April?

Doctor: I cannot tell you that because it involves... it doesn't mean...Anyway, there is no need to explain this to you. This question can't be answered.
