

追查迫害法輪功國際組織 (追查國際)

World Organization to Investigate the Persecution of Falun Gong (WOIPFG)

To investigate the criminal conduct of all institutions, organizations, and individuals involved in the persecution of Falun Gong; to bring such investigation, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society

Appendix 40

Investigation Recording 40, “Yes, (we killed Falun Gong practitioners for their organs), so what?” “I do it every day.” “We have done a lot of (live organ harvesting), you probably haven’t thoroughly investigated the quantity, way too many.”

Subject of Investigation: Possibly Li Lunming, doctor-on-duty from the Department of Cardiac Transplantation of the Central Hospital of Jiangmen in Guangdong Province

Date: March 16, 2006 (Phone number: +86-7503165709)

(Recording: [MP3](#))

Note:

This recording was part of a report about some Falun Gong practitioners, who have been calling mainland China to tell the truth about Falun Dafa to the people there.

The name of the person who answered phone is uncertain. When asked whether he was Li Lunming or not, he didn’t deny it. Considering the call time, he’s very likely to be the doctor-on-duty. Li Lunming, Director of the Department, might be off work at that time. Therefore, whether the man answered the phone was Li Lunming or a doctor-on-duty is uncertain.

Phone Investigation Recording

Falun Gong Practitioner: Is that the Department of Cardiac Transplantation, Jiangmen Central Hospital?

Doctor: Who is that? What is the matter?

Falun Gong Practitioner: Yes, I am looking for Dr. Li, Li Lunming. He is on the first published List of Individuals Suspected of Harvesting Organs from Living Falun Gong Practitioners released by WOIPFG, in which the dates and number of cases he operated are all listed. WOIPFG is an international organization, dedicated to provide legal evidence to international courts. If you didn’t participate. Live harvesting of human organs is a felony, which is worse than even what Hitler did back then.

Doctor: No problem, whatever the charge is, don’t tell me these.

Falun Gong Practitioner: It will be punished by law.

Doctor: That’s not a problem.

Falun Gong Practitioner: There will be heavenly punishments, too.

Doctor: We have done a lot of (live organ harvesting), you probably haven’t thoroughly investigated the quantity, way too many.

Falun Gong Practitioner: What you have done to your future, will be too...

Doctor: What is the purpose of your call?

Falun Gong Practitioner: To tell you not to participate in this (live organ harvesting).

Doctor: What will happen if I've already participated?

Falun Gong Practitioner: It is still not too late right now. Quickly rein in. I hope that you do not participate in this. This is such a felony. The heaven knows what you have done. It is detrimental to you and your family.

Doctor: Live human organ harvesting. You think you are a Falun Gong (practitioner)?

Falun Gong Practitioner: You are harvesting organs from Falun Gong practitioners. Live human organ harvesting has been exposed in the international community long ago.

Doctor: What does it matter?

Falun Gong Practitioner: It matters a lot.

Doctor: Have done too many.

Falun Gong Practitioner: Have you done it today?

Doctor: I do it every day.

Falun Gong Practitioner: Are they Falun Gong practitioners?

Doctor: S* Falun Gong. Do you know what is Falun Gong, do you know or not? Do you dare to come here, tell me face to face, do you dare? I ask you dare or not? If you don't dare, you stop talking s* with me.

Falun Gong Practitioner: I know you have made a lot of dirty money, but you have to pay a price for this money. If you have a conscience, you still have time to rein in. Don't wait until it's too late to regret. Falun Gong has spread to 114 countries and regions around the world. People practice it regardless of age, race and skin color. This is a Buddha Fa practice with the door widely open. The Tiananmen self-immolation case is a hoax. You don't want to be deceived by the lies ...

Doctor: I just ask you whether you dare to come here or not?

Falun Gong Practitioner: You are persecuting good people, which is such a grievous sin. It is still considered a crime, even if you commit it in ignorance, right?

Doctor: Don't talk so much to me, do you dare to come?

Falun Gong Practitioner: I am in Singapore.

Doctor: I can reimburse your trip. (He swears.) Do not talk if you don't have the guts. (He swears.)

Falun Gong Practitioner: Talking on the phone is the same as talking face to face.

Doctor: What is your purpose? What is the meaning of calling me? You want money, right?

Falun Gong Practitioner: When did I ask for your money?

Doctor: I am your "lord ancestor".

Falun Gong Practitioner: Do not do such wicked things. The ancient people said that a gentleman likes money, but he only makes money through honorable means.

Doctor: Don't f* tell me these principles. I don't get them. I just want to ask you several questions. What is the purpose of your phone call? Do you dare to come here?

Falun Gong Practitioner: My purpose of calling you is to tell you to not participate (in the live organ harvesting) from now on, if you've already got involved.

Doctor: How about I have already participated? I tell you that I have participated, so what?

Falun Gong Practitioner: Being involved (in this) will bring you and your family very negative consequences, this is what I mean. You should quickly rein in if you understand.

Doctor: Do you think I will follow what you say? Don't you want to do good deeds and accumulate virtues? You come here and promote it.

Falun Gong Practitioner: Doing good deeds and accumulating virtues are to tell you the truth. After you understand the truth, you will make a wise choice for a better future.
